3 10th Region Championships

2 KHSAA State Elite 8's

Contributors:

Kelly Young Catlett- Paris

Kelly has been a huge part of the Paris Greyhounds basketball program for the past 30 plus years. She's has done tones of work for the boys and girls teams at Paris, all on a volunteer basis. She has worked countless hours for many different coaches at the school and when she's doing her job, she does it well, despite having her own full-time job. Kelly has been the long-time clock operator for the program and it doesn't matter if it's middle school, freshman, JV, or varsity, you will always see Kelly at the score's table running the clock, while doing other things for the team. The referees love her and they all know her.

Every program needs a contributor like Kelly and others to help keep things running smoothly without worrying about who is going to keep the clock tonight. Kelly is very dependable and enjoys doing what she does, or she wouldn't have been setting at the scorer's table for the past 30 years.

Kelly doesn't have a kid affiliated with the team but she still volunteers her time in any way she can. That's' when you know you have an extraordinarily strong supporter that's very loyal to the team.

A volunteer is someone who contributes their time, skills and experience to an organization or group and gives their time for free.

That's what Kelly does – something that's very Hall of Fame worthy

Aaron Massey Robertson County
